Peer Reviews

- Peer Reviews for Proposals are still being graded
- Generally well done, especially those who put significant thought into answers
  - Some good suggestions for the teams!
  - Grades reduced due to:
    - Incomplete summary of the what/why goals of project
    - Lack of thought put into the observations and suggestions
    - Answering the wrong question (proposal vs. project)
    - Repeating the same answer for different questions
    - Poor Writing
